## Principal's Message

May 10, 2017

Parents,

We're putting the finishing "touches" on the 2016-2017 school year.

When we opened Fannie C. Williams Elementary for the 2007-2008 academic year, we could not have envisioned the people and events that have impacted our students and staff here. Wow!

It's been an eventful ten years, to say the least. We are sending off our eighth 8th Grade Class, as we also promote our 10th Pre-K and Kindergarten Classes. That's a lot of Warrior scholars.

Please continue to read the **WARRIOR NEWS** and other correspondence that is sent home regarding our school community.

There will be several summer enrichment programs for our students on campus. Academic, athletics, art, and music will be available for students enrolled. **Those students selected by their teachers (current 4th and 8th graders) to the academic camp should consider their invite mandatory.**

Camp will begin on May 22nd and will end on June 29th. On May 29th, the summer program will be closed for Memorial Day.

This issue of the **WN** has a calendar of the basic holidays that we anticipate will be in place for the 2017-2018 school year. The final Wednesday Folder will contain the school supply list info. The list will also appear on the school's website (fcwcs.org) in a few weeks.

The new school year will begin on Monday, August 14, 2017 for students in grades 1 through 8. Pre-K and Kindergarten students will begin their year one week later on Monday, August 21st.

Have a GREAT Summer! Take good care of our scholars. See you in August!

*"Remember, Fannie C. Williams Charter School is a positive place to learn and grow." -Mrs. K. Batiste's Morning & Afternoon P.A. Announcement*

**from the desk of  
Nurse Robichaux, R.N., B.S.N**

*Parents, Guardians: Did you know that . . .*

The measles is an acute and highly contagious disease caused by a virus. Parents usually notice an outbreak of small red spots on the skin. School-age children are mostly like to catch the measles, but adults can also be infected.

Measles are transmitted by droplets from the nose, mouth or throat of infected persons. There was a period of time that children would catch the measles, mumps, and chicken pox before getting out of elementary school. We don't see too many cases today because most children receive vaccines that curtail the spread of these diseases once known as childhood diseases.

Along with vaccines for polio and mumps, the measles vaccine was considered a triumph for public health when it premiered in 1968. Vaccinations led to the elimination of measles in the U.S. and in all of the Americas (North, Central, and South) by 2002.

However, we are seeing a climb again in the number of measles cases around the world and in the USA. Travel has caused many who are not vaccinated to enter the USA and again spread the disease. Vaccination rates in the USA has remained steady, but there are some communities that do not believe in these inoculations—the Amish community in Ohio and some suburbs in California. These groups often opt out, making them prime candidates for the virus. Complications can arise. Children can get pneumonia, for example, from the measles. As many as one out of every 20 children with measles is subject to get pneumonia that can result in death.

Has your child(ren) received all their immunizations? The summer is a great time to take care of these health concerns. Visit the Greater New Orleans Immunization Network for information regarding the Care Mobile ([www.GNOshots4kids.com](http://www.GNOshots4kids.com)).

## 11 Educators Reach 10 Year Mark

This school year marks the 10th Anniversary for FCWCS. Conceived by the Recovery School District during the 2007-2008 school year on the site of the former Fannie C. Williams, our school now serves as a Pre-K through 8th grade students.

There are 11 staff members who hail from that original group—housed in white trailers in the back of the present site. Members of the staff who have reached the decade mark at FCWCS are as follows:

**Kelly S. Batiste** (Principal/CEO); **Gretchen Johnson** (Admn. Assistant); **Terry Smith**

(Computer Lit, **WN** Editor); **Lynda McCray** (Speech Pathologist); **Phillip Britt** (Visual Art); **Bernetta Sisco** (Dean of Students, former Phy. Ed. teacher); **Deidre Barnett** (Reading Interventionist, Test Coordinator); **Janice Watts** (Instructional Coach); **Ashlyn Williams** (1st Grade Teacher); **Sharnell Theard** (1st Grade Teacher and former Paraprofessional); and **Cheryl Robichaux** (School Nurse).

In today's workplace, the average worker stays in a job 4.6 years. Apparently this group has staying power! Congratulations for your commitment to the children of FCWCS. ###

## Ticorland Veals . . .

was able to select a prize out of Mrs. Batiste's Treasure Chest because his mother took the time to read the **April** issue of the **WARRIOR NEWS!**

The editor and publisher of this newsletter appreciates your interest in what's happening on our campus. Thank you for following the school news on these pages!

There's no contest for this last issue of the 2016-2017 school year. But, we will return in August! See you then.

## Thomas Chosen Cox Inspirational Hero

Nicholas Thomas was chosen as Fannie's Inspirational Hero for 2017 by Cox Communications. This marks Cox's 25th year sponsoring the award. The presentation took place on Tuesday, April 25th at the Pontchartrain Center in Kenner.

This award celebrates students who have overcome challenges in life to serve as an inspiration to their teachers, administrators and fellow students.

Nicholas was one of 124 area Inspiration Heroes, chosen from thousands of students to be honored. Students hailed from Orleans, Jefferson, St. Charles, and St. Bernard Parishes.

Cox presented the students with an engraved medal and certificates of honor.

Congratulations Nicholas! You deserve the acknowledgement!

—Mrs. B. Castille

## McCray's Retirement

The **WN** has been notified that our school's speech pathologist, Mrs. Lynda McCray, will be retiring at the close of this school year.

Mrs. McCray has accumulated 36 years assessing and correcting speech disorders in children. Ten of those years have been here at FCWCS.

We wish her the best and many years of good health and happiness. ###

We're proposing changes on how school supplies are purchased for students in Grades 5-8. Read the list carefully when you receive it! -Dean T. Daigle

**Read that School Supply List Carefully**

Parents,  
 Please read the School Supply List carefully and avoid purchasing the following items:  
**mechanical/led pencils, ball point pens, permanent markers, pencil sharpeners to bring to school.** These items are often used to deface school property.

Students will need their pencils sharpened, but we ask that the sharpeners remain at home.

We appreciate your assistance in keeping our campus neat and clean by not purchasing items that are not needed and or problematic.

## FCWCS, A Fit NOLA School

([fit.nola.gov](http://fit.nola.gov))

Coach Dana Williams recently attended the Fit NOLA Designation Ceremony for FCWCS. We have been designated a SILVER school.

Fit NOLA is a partnership between the City of New Orleans and local organizations/schools, working together to create a healthier city by promoting physical activity and improved nutrition. The goal is to win the battle against obesity and create a fitter city, according to the organization's website.

The New Orleans Health Department and the Fit NOLA partnership is pleased that the school has taken on the role in creating a culture of good healthy practices in our school. Fit NOLA has over 200 non-profit organizations, schools, direct-service providers, businesses, and community members attempting to influence those within their racks with a healthier lifestyle.

Our school will hopefully serve as a model for families and community members to follow. We hope to lead the efforts to keep students and staff healthy. ###
